

The Alice Society

We're excited to announce the launch of The Alice Society. The creation of this special society is a small way for us to acknowledge some of our amazing contributors. Each person who knits or crochets at least 15 lap blankets or prayer shawls for Alice's Embrace and each person who gives \$500 in monetary donations, or a combination of both, will receive this recognition and the pin shown above.

Our hope with creating The Alice Society is that the members will feel a special connection to the folks we help at each delivery and that they will wear their pins and when asked, they will happily engage in conversations about what we do here at Alice's Embrace. As our donors qualify for The Alice Society, we will put the unique pin into the mail to them.
