

A Request for Interpreters

Dear Rev. Espinosa,

I hope you are doing well! My name is Ayanna and I am reaching out to you as a fellow organization serving Spanish-speakers, on behalf of Arlington Free Clinic. AFC provides medical care to low-income, uninsured Arlington adults. Because many of our patients do not speak English, we rely on volunteer interpreters for a great number of our patient visits.

We are currently in dire need of Spanish interpreters. Would you be willing to advertise this volunteer need to any Spanish-speakers in your church's community? We also have a pretty big need for Amharic- and Mongolian-speaking interpreters.

If this is a possibility, prospective volunteers should send an email to Mario Vargas, AFC's Volunteer Coordinator (Mario@arlingtonfreeclinic.org). They should then expect to:

- 1) Fill out an application which Mario will provide**
- 2) Come in for an interview and tour**
- 3) Commit to volunteering a minimum of once a month for at least a year**

Thank you so much and please let me know if you have any questions!

**Best,
Ayanna**
