

Help Keep Our Church Home and Contents Safe!

Please remember to check and lock doors, especially if you're the last one out. So many of us use the church property all week and often at odd hours ... it's sometimes hard to know if we should lock doors we find open. Please take a moment to see if you are the last chance for a door to get locked and provide safety and peace of mind that our church home is protected.

Thanks from the Property Committee!
