

Expanding St. Mark's Ministry

Pastors Albert and Varinia met once more with families in Dale City to consider expanding St. Mark's ministry into the area. We have no idea what this might look like but there is certainly interest. The group has committed to gathering each Sunday evening for the breaking of bread, dwelling in God's Word, and praying together as we mutually discern where God might be leading. We will continue to keep the whole congregation informed and we appreciate your continued prayers.
