

Military Packages Collection: Sunday, February 25

Our end-of-February recipient will be Erin Kirby, along with her group of deployed folks. We received her name through Sandy Lind, who had told Christie Ballew about our program; Christie, who is also in the military, then furnished two names. Erin is a deployed Air Force member and the single mom of three children!

We haven't received any special requests from her yet, but you always come through with wonderful items, whether home-baked goodies, snacks, or supplies/toiletries—they are always grateful for the great items you provide, and the love and caring that our packages represent.

Thank you very much for your consistent and generous support for this project!
