

# City Rhythm Swing Dance Events

Are you and your guests in the Mood for dancing?

City Rhythm has been the preeminent swing band on the east coast for many years. Their repertoire covers classics from the 30s and 40s made famous by the big bands, hits of the great jazz and blues singers of the 50s, neo-swing, west coast swing, ballroom dancing and more.

The band has repeatedly been awarded recognition for its swing style and been continually called upon to perform when a great swing dance band is needed. From corporate theme parties to the top dance clubs, City Rhythm has done it all. Many USA swing dance societies have also invited the band to perform, including Savoy South in Tampa, Gotta Dance in Washington, Philadelphia Swing Dance Society, Wanna Dance in Boston, the New York Swing Dance Society and many more.

Major swing dance events, such as Midsummer Night Swing at Lincoln Center in New York, Chicago Summer Dance in the city's Grant Park, and many others have been dazzled by City Rhythm's performances.

Not only does the band have a perfect sense for dance beats, but their great horn arrangements make the band sizzle and their dynamic vocalists captivate the crowd. Depending on the venue, City Rhythm can perform with the 8-piece group or the 15-piece Big Band. Either way, audience will be delighted.
