

CHRISTMAS WITH DIGNITY

cottagecove
faith through love

December 12, 2015

(Item drop off Dec. 1st - 10th or designated gifts by December 9th - we do the shopping for you!)

Every year many wonderful and compassionate people donate toys, clothing, and financial gifts directly to those who are less fortunate. As we at Cottage Cove considered this, we realized that although appreciated, it left the parents with nothing to give their children on Christmas morning. In 1998, we established CHRISTMAS WITH DIGNITY. The purpose of the program is to provide to the parents of the children who attend our programs, and other needy families in the community, new items which have been donated for purchase at a fraction of the original price. All nominal proceeds are then reinvested into the children's programs. This has been amazingly successful! We have had many parents express to us that this was the first time they were able to be "Santa Claus" to their children. As we work to help this neighborhood, the need is greater than ever. Please consider joining us this year in helping these parents provide their children with a wonderful Christmas morning.
