**23rd Vancouver Geotechnical Society Symposium
Friday, June 12, 2015 – The Vancouver Marriott Pinnacle**

Soil Structure Interaction

Dear corporate sponsors and exhibitors,

The Vancouver Geotechnical Society (VGS) invites you to promote your business, both as a corporate sponsor and an exhibitor of your products and services, at the 23rd Annual VGS Symposium. The Symposium will take place on June 12, 2015 and focus on the topic of Soil Structure Interaction.

The Symposium will feature a trade show hall where you can network with attendees and promote your products and services related to geotechnical engineering. All meals and breaks will be in the trade show hall to maximize interactions with the participants. Based on the attendance of the past three years, we expect about 150 participants ranging from geotechnical practitioners, industry representatives, academics, and students.

We have opportunities for corporate sponsorship of the symposium at the Gold, Silver and Bronze levels. New this year is the opportunity to sponsor a Keynote Speaker. Such sponsorship is a great way to show your support of the VGS and help us continue providing professional development opportunities for the local geotechnical community.

The attached registration form and information sheet provide the details and benefits for potential Exhibitors and Sponsors. Please reserve early to avoid any disappointment. Please contact the undersigned if you have any questions or require more information.

Regards,

Marc C. Bossé
VGS Symposium Chair
