Hi Sarah! Thank you for choosing me to style a new outfit for your wardrobe. This casual look is perfect for lunch with friends. I hope you love it! - xx Colleen

Stylist Notes:

To style this look, half tuck the shirt into the jeans to show off the leopard belt and push up the sleeves a little. I love to print mix with leopard print and stripes! It is a super chic way to style a casual look. Add the pendant necklace for some shine. The olive pumps are a great way to add a neutral pop of color and some polish. These will go with so many looks! You will be the best dressed at lunch in this chic casual outfit! **Click the links below to purchase.**
