We are 3.5 years old, have 18 treatment chairs, front desk / clinic support, and provide 150+ patient treatments per week. We're currently a solo acupuncturist shop and bursting at the seams!

We are looking to hire both regular and substitute acupuncturists. The regular position starts with up to 3 already existing (5 hour) shifts a week. We'd also like to be open on Sundays and mornings. So yes, there is room to grow and add more shifts in the near future!

- Ability to communicate clearly, succinctly, and compassionately with patients and staff;
- Self-motivation, good organizational skills, calmness, and focus when multi-

tasking;

#### PAY STRUCTURE & BENEFITS

- Regular Punk is a W2 position with predictable, set hours and salary.
- Paid in-house training. We pay competitive rates. And as the clinic grows so does your pay.
- Benefits include paid CEUs, subsidized malpractice insurance, POCA membership, paid FL license renewal, and more.
- A formal job description with compensation details will be provided after you provide us with your resume and cover letter to Gururas.

#### HOW TO APPLY

Both recent grads and experienced acupuncturists are encouraged to apply.

We want to hire and promote from within our regular- and sub- punk staff, so a successful sub or one-day-a-week regular punk is a likely candidate for (more) regular shifts as they become available.

Please email a cover letter describing why you're a good fit for the clinic along with your resume to Gururas, at [shcajobs@gmail.com](mailto:shcajobs@gmail.com). Please describe why you want to practice community acupuncture, what is your training, background, and availability. Be specific!

No phone calls or unscheduled pop-in interviews, please! But feel free to schedule and come in to receive a free acupuncture treatment and briefly introduce yourself.
