

# Opt in to the Share program

dōTERRA®

The Share Program is an opportunity for all new Wellness Advocates to receive valuable gift packages by sharing dōTERRA with others. New advocates who love dōTERRA and want to receive free product can participate. For a limited time—starting September 22, 2014—dōTERRA will be opening the Share Program to all Wellness Advocates in the USA and Canada so they can experience the program and share it with those they enroll.

When Wellness Advocates enroll new Wellness Advocates, they can receive some of the following free gifts:

Root to Tip Kit

Healthy Style Kit

Luxury Kit

Home Guard Kit

Spa Facial Kit

Active Life Kit

Wellness Advocates are naturally inclined to promote products that have contributed to their healthy lifestyle. This program rewards Wellness Advocates who share their experiences and enroll others interested in the dōTERRA lifestyle. Any new Wellness Advocate (within their first 60 days) can participate in this program by visiting their Back Office and opting in. After sharing the gift of essential oils with new people and earning gift certificates, a Wellness Advocate will be able to select a free gift package(s) that will ship for free.

New Wellness Advocates can choose one of two options: 20 percent normal fast start, or 30 percent from the Share Program by opting in!
