KENTUCKY’S AREA DEVELOPMENT DISTRICTS
At Your Service
What is an ADD?

The Area Development Districts comprise a statewide network of multi-county planning and development organizations. They serve as clearinghouses, technical centers, conveners for the region and provide continuity to projects during the transition of local elected officials.

50+ year history as a forum for planning and development, serving as “common ground” for community leaders to:

• Obtain accurate and useful information
• Respond effectively to State and Federal agencies
• Develop partnerships to achieve benefits of cost sharing and other economies of scale

The Numbers Matter:

Baby Boomers

Who are they?
People born between 1946-1964

80+ million baby boomers exist today

that's nearly 2x more than GenX

10,000 baby boomers retire everyday

that will continue for the next 15-20 years

Boomers earn 47% of all income in the US

Average boomer household income: $53,000

Boomers represent 40% of consumer demand
