Through design, I strive to improve our relationships with our products and with each other, to make life better one experience at a time. I am seeking full-time employment in a human-centered, forward-thinking environment.

EXPERIENCE

FREELANCE INDUSTRIAL DESIGNER BZDESIGN

Rochester, NY | Feb. 2014 - Present

Lead and work on projects for both startup and large local companies in the Rochester area, often with the intent to develop the client's first commercial product. Projects include optics, medical devices, wearable technology, humanitarian efforts, augmented reality, consumer products, and other ventures.

INDUSTRIAL DESIGN INTERN SMART DESIGN

New York, NY | Jun. 2015 - Aug. 2015

Contributed to several interdisciplinary teams to develop user-centered solutions for various clients. Activities included: user-testing, brainstorming, concept development, building functional prototypes, and client presentations.

INDUSTRIAL DESIGN CO-OP PROCTER & GAMBLE

Cincinnati, OH | Jun. 2014 - Aug. 2014

Designed and developed innovative solutions for P&G's Fabric Care division, as well as led projects both in house, and with consulting firms.

3D PRINT TECHNICIAN RIT DIGITAL PRINT CENTER

Rochester, NY | Oct. 2013 - Jun. 2014

Operated and maintained 3D printer as well as processed student work.
