

# OUR LADY OF GRACE CHURCH RENOVATION

As you may be aware, the interior of our parish church has been in need of some TLC for a while, and as part of our ongoing parish renewal we have decided that this is an opportune time to undertake some much-needed work. The planned renovation will include:

- Applying Gyprock to the interior walls;
- Repainting the walls (with an updated colour scheme):
- Removing the aging evaporative air-conditioning system and installing split reverse-cycle units;
- Adding a feature curved-wall to accentuate the sanctuary (see illustration )

## CONCEPT DRAWING FOR THE RENOVATED SANCTUARY

We have begun fundraising with the aim of raising \$70,000, and we are already well on our way towards reaching this target. We anticipate work to begin in October, and to finish in early December in time for Advent and Christmas celebrations.

We are writing firstly to inform you of this upcoming work on the church interior, which will obviously involve some short-term inconvenience during our parish liturgies. We also wish to encourage you to contribute to this project if you are able. Our hope is that a more beautiful and welcoming church environment will, among other things, help our students and families to enter more deeply into the liturgical life of the parish.

If you would like to offer a financial contribution towards the renovation of our parish church, you can do so in the following ways:
