

Primary PE and Sport Funding 2016-17

Schools are allocated a sum of money, called the Primary PE and Sport Funding Premium, to support all children and improve the quantity, quality and breadth of P.E. and sport provision. The allocation is calculated according to the intake of the school, and the school must decide how best to use the money to improve the breadth and quality of PE and sport provision, including increased participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Our Primary PE and Sport Funding for 2016-17 is currently £5443 (up to 31st March 2017). An additional allocation is anticipated.

At Waterfoot Primary School we have decided to use this money to:

- Buy into the 'Rossendale Sports Partnership' (this includes training for staff).
- Develop raised 'waste land' to the south of the junior playground (to increase the variety of sports participation both during playtimes and lessons). This may be a two year project.
- Maintain development of lunchtime activities.
- Train referees for football.
- Manage an intra-school hockey competition.
- Update school PE kits.

Targets for 2016-17

- To be awarded the Silver Kite Mark (as a result of increases in participation and competition teams).
- Improve the variety of sports being played at school and the rate of participation.
- To have another area where sports can be enjoyed.
- To increase children's understanding of 'sportsmanship' and the rules of the game both explicit and implicit - 'being a good sport'.
- Increase intra-school competitions.

Evaluation of the use of PE and sport funding in the 2015-16 academic year

- To be awarded the Silver Kite Mark (as a result of increases in participation and competition teams).
EVALUATION: The Bronze Award has been achieved again, but we were just short for silver (there were not enough 'B' team competitions).
- Improve the frequency and quality of KS1 outdoor provision
EVALUATION: Outdoor area established and younger children using this facility are more engaged in outside activities (with the possibility of games as well as curriculum). Training has been provided for KS1 team of work and there has been greater organisation of games at lunchtime.

- Further improve and increase KS2 PE provision as a result of lunch time sport activities.
EVALUATION: SportsCool activities helped develop a range of sports at lunchtime, and this has been carried on by our Welfare Staff.
- Improve access to and improve efficiency of PE lessons by allowing for more readily available resources (and to maintain the good condition of those resources).
EVALUATION: Achieved. Outdoor resource shed has been established and is in use.
