

# ASK BETTER QUESTIONS

PROVIDING A PRACTICAL PEDAGOGY OF  
QUESTIONING FOR K-12 TEACHERS

# APOQ

Questioning is the key to higher order thinking and increasing student engagement. Teachers need a better understanding of how to plan and ask a good, scaffolded sequence of questions and how to engage all students in the conversation.

# THE WORKSHOP

APOQ half-day onsite workshops equip K-12 teachers to ask questions that lead to better comprehension and engagement from students.

# OUR HISTORY

The APOQ workshop has been given since 1995 when it was called "Highly Effective Questioning." APOQ was developed by psychologists Drs. Lee & Maria Hannel. The APOQ workshop has been given in all 50 states and internationally. G. Ivan Hannel, Esq. continues the work of his parents in spreading a coherent pedagogy of questioning for all K-12 teachers and is also a trial lawyer in Phoenix, Arizona.

# 40,000+

NUMBER OF QUESTIONS ASKED BY THE AVERAGE TEACHER PER YEAR

# < 5%

TEACHERS WHO FEEL THEY HAVE RECEIVED ADEQUATE TRAINING IN QUESTIONING STRATEGIES

# 3.5 hrs

TIME IT TAKES FOR TEACHERS TO LEARN THE BASIC APOQ APPROACH

# FEE & MATERIALS

The fee for the workshop is \$3,750 flat rate (inclusive of all travel) and a \$45/per participant fee for the book and training manual.

**WORKSHOP FEE / \$3,750**

**MATERIALS FEE / \$45 ×**
