Cyclone Idai has swept through Mozambique, Zimbabwe and Malawi, leaving behind a trail of destruction and tragic loss of life. 2.5 million people now need help.

A secondary emergency is already being faced, with cholera and malaria outbreaks already occurring due to stagnant water, poor sanitation, overcrowded conditions in communal shelters, and limited access to clean water.

Can you help us and our fellow friends of Beira raise money to help them rebuild their homes and their lives?

Please donate online at http://bit.ly/cycloneidai2019

You can also donate via cheque or bank transfer. If you wish to do so, full details can be found online at http://bit.ly/grassrootsidai - thank you for your support.
