The IATSE Training Trust Fund facilitates training opportunities for IATSE workers to achieve and maintain the skills, ability, and knowledge necessary to meet the ever changing technologies in the entertainment and exhibition industries. IATSE TTF programs are designed for and available to active IATSE members and those working under IATSE agreements.

VISION
The IATSE Entertainment and Exhibition Industries Training Trust Fund envisions a workforce with the highest level of training in skills, safety, and craftsmanship available across the IATSE jurisdiction.

MISSION
To promote industry-wide recognized standards for safety, skills, and craftsmanship in the entertainment and exhibition industries by:

• Providing training that improves existing skills, develops new skills, embraces technological change, and focuses on the safest way to perform the work of the crafts
• Supporting training opportunities to all employees working under the jurisdiction of the IATSE
• Developing state-of-the-art training tools, resources, and methods

NO FEE COURSES

OSHA 10/General Entertainment Safety
We customized this two-day course for the entertainment industry, and we present classes throughout the US. The training covers OSHA policies, procedures, and standards with a focus on those areas that are the most hazardous.
applications@iatsetrainingtrust.org
iatsetrainingtrust.org/osha-10-ges

AVIXA Partnership and Courses
The IATSE TTF/AVIXA partnership includes Premium Member access to free introductory AV courses and other membership benefits.
We also work closely with locals who have AV industry contracts to organize audio visual courses throughout the US and Canada including AV Essentials, AVIXA CTS Prep, AVIXA Installation 1: Systems Fabrication, and AVIXA Networking Technology.

**FUNDING**

**Certification Reimbursement**
We reimburse beneficiaries for these approved industry certifications: First Aid/CPR/AED; CTS; SPRAT; ETCP; Arena Rigger, Theater Rigger, Entertainment Electrician, and Portable Power Distribution Technician; Genie Op; and 3G Welding (TIG, MIG, Stick).

funding@iatsetrainingtrust.org
iatsetrainingtrust.org/certification-reimbursement

**Course Reimbursement**
We reimburse local unions for organizing and presenting group craft safety and craft skills courses. Applications must be submitted before training takes place in accordance with the application schedule to receive funding pre-approval. Applications received outside of the set deadlines will be reviewed, but we may not get back to you immediately.

funding@iatsetrainingtrust.org
iatsetrainingtrust.org/course-reimbursement

**OSHA Online Course Reimbursement**
We reimburse beneficiaries who do not have access to a live OSHA 10/GES, OSHA 10, or OSHA 30 class for taking OSHA 10 and OSHA 30 General Industry Safety and Construction Safety online trainings.

funding@iatsetrainingtrust.org
iatsetrainingtrust.org/osha-online-course-reimbursement

**Develop a Local OSHA Trainer**
Locals in areas without an OSHA Outreach Trainer can apply for funding to develop their own in-house trainer for the OSHA 10-hr General Industry Safety training. Applications must be submitted before training takes place to receive funding pre-approval. We reimburse locals for OSHA Training Institute tuition costs.

**Train the Trainer:**
**Teaching and Presentation Techniques**
This two-day workshop covers effective teaching techniques, learning styles, training design, and lesson planning for new and experienced craft safety and craft skills trainers. Participants learn, work, and network with IATSE trainers from throughout the US and Canada.

applications@iatsetrainingtrust.org
iatsetrainingtrust.org/train-the-trainer-teaching-techniques

**Train the Trainer:**
**Course Development**
This two and a half-day, intensive workshop is for trainers actively teaching classes for their local. It builds on the theories covered in the TTF Train the Trainer: Teaching and Presentation Techniques class with hands-on practice designing outlines and lesson plans. Trainers also learn new organizational and planning skills and how to visualize different ways to reach adult learners.
