

BEECHCRAFT
KING AIR B200GT

A WAY OF LIFE.

BEECHCRAFT KING AIR B200GT

The Beechcraft King Air is the most popular business aircraft in the world. With a reputation for elegance and flexibility, the King Air B200GT continues the marque's reign of global aviation innovation.

The King Air features a luxurious interior complete with executive leather seating, air-conditioning and self-service refreshment galley. This turboprop's large cabin capacity of up to eight passengers renders this aircraft perfect for larger corporate or family groups.

The high-performance capabilities of the B200GT, opens access to shorter runways not accessible by jet aircraft.
