## CESSNA CITATION MUSTANG

When seeking to take in Australia's breathtaking topography, look no further than the Cessna Citation Mustang, capable of delivering to even the most remote corners of the vast land down under.

With unparalleled short performance capabilities, this aircraft's agility permits it to land on almost all sealed runways in Australia.

With a range of 1165 nautical miles and a cruise speed of 340 knots, the Mustang is an emblem of power and speed coupled with the benefits of advanced avionic technology.

The Mustang offers passengers a comfortable cabin with four reclining leather seats, retractable workstations and multi-zone climate control.
