Really, the only consideration here is that it is light to carry! one body with one or two lenses (wide and tele) is all you will need, plus a portable tripod, cable release, or digital release.

You do not need any more. Whatever level of camera equipment you have, we will help to ensure you get the most out of it.

### Fitness and health

Many of the medieval villages are on top of a hill, or built into the sides of one, so a basic level of fitness is okay, but as the tour is not a hiking tour or a trekking tour, nothing extreme will be required. If you have concerns about your own capabilities or health please check with your doctor before booking a place.

By signing the Registration Form, you guarantee that to the best of your knowledge, you do not have any physical or other disability that could create a risk for you or other tour participants. Once a booking has been accepted by ESP Phototours, medical circumstances will not be accepted as an exemption to the Cancellation Policy above.

Within the Registration Form, please indicate any health issues, allergies or dietary requirements. ESP Phototours does not assume any responsibility or liability for medical care or special dietary requirements.

If a participant become ill during the workshop, ESP Phototours, reserves the right to continue the tour for the benefit of the rest of the participants. ESP Phototours will make every effort to assist you whilst trying to minimize disruption of the workshop for other participants.
