

Moody Graham is currently seeking talented applicants with 1-3 years of professional landscape architecture experience for a full-time salaried landscape design position.

Job Location: Washington, DC

Responsibilities will include hand sketching, digital drawing & drafting, site documentation & analysis, development of construction details, working with clients & contractors, and making the world more harmonious one plant at a time.

Qualifications required;

- Bachelors degree or higher in Landscape Architecture (or Architecture with a documented interest in Landscape Architecture) and 2-3 years of recent professional experience
- Excellent organization, communication, and graphic skills
- Commitment to design excellence and ecological harmony
- Fluency with Adobe Creative Suite, Autocad, Microsoft Word, Microsoft Excel and three dimensional graphics programs such as Rhino and/or Sketchup
- Solid plant identification skills and design understanding of woody and herbaceous plants of the mid-Atlantic region
- Interest in working in a small, idea focused firm that moves quickly
- Self-motivated individual that brings a passionate point of view and can handle multiple projects and responsibilities

To Apply: Please email cover letter, resume and portfolio (including any relevant work samples) as a single file pdf attachment (10mb maximum file size) to Ryan Moody at Moody Graham (ryan@moodyarchitecture.com) with the heading Landscape Design Position. Please do not call regarding the position.

Date Posted: Tuesday, August 22, 2017- We are looking to hire immediately and will remove the posting once the position is filled.
