StudioYU was founded in 2015 with a dream of existing in a more collaborative, interactive, and global art world. Through an online platform that selects noteworthy cross-cultural artists, the organization works to enable these artists to collaborate without borders and reach a wider community of art-lovers and art-seekers. This Open StudioYU Art Show is a step towards creating this reality. Be a part of the cross-cultural experience this summer and support StudioYU's vision for building international, social, and cultural awareness in the arts. Visit www.StudioYU.org for more information about StudioYU's mission and join us in bringing the community together.

Princeton Abbey is located on 75 Mapleton Road, Princeton, New Jersey, 08540. All are welcome to attend this public event, so mark your calendar for June 4 today!
