

APPENDIX G

THE LITURGICAL SOCIETY OF SAINT JAMES:

PRESENTATIONS AT CONVOCATIONS

Each Convocation is identified by its date, location (church), and chronological order according to the publications of the Liturgical Society of Saint James. The presentors, their topics, and the place of publication (if any) follow the chronology. Topics are listed by their announced, rather than published, titles.

There were two Convocations in 1935 according to the chronology of the Society. Neither of them was announced and the presentations were not published in any of the materials consulted for this dissertation nor were any relevant materials found in the files of several members of the Liturgical Society of Saint James consulted during field interviews.
