ADVERTISE WITH COLUMBIA SUMMER WINDS

For the past thirteen years, Columbia Summer Winds has contributed to New York City's fun and adventurous spirit by playing FREE BAND CONCERTS for the public in Manhattan parks. Thousands of New York City residents pick up our concert programs as our 90-musician ensemble performs a wide variety of music, from orchestral arrangements and Broadway show tunes to classic marches and newly composed music. Thousands more visit our website, columbiasummerwinds.org

The Columbia Summer Winds would like to offer advertisement space in its program to serve a dual purpose:

- Support the local community by bringing concertgoers to neighboring eateries, shops, and services.
- Sustain the Columbia Summer Winds and its effort to continue a tradition of **FREE** outdoor performances.

During the months of July and August, the Columbia Summer Winds will present a total of four concerts:

- Fort Tryon Park Saturday, July 8th, 2:00pm
- Washington Square Park Thursday, July 13th, 7:00pm
- Central Park Band Shell Saturday, July 29th, 1:00pm
- Battery Park Saturday, August 5th, 2:00pm

Each concert will have a unique program, and each program will allow at most eight business card-sized advertisements on a double-sided insert, providing your company with maximum coverage with our ensemble, without having to compete with others. As a courtesy, if you purchase advertisement space, we will also place your advertisement on our website, columbiasummerwinds.org. Below are several program options your business can select to increase your image within the local community and throughout New York City, while supporting Columbia Summer Winds' effort to bring music and the arts to Manhattan
