## MERIDIAN SCONCE COLLECTION

INSPIRED by life at the edge of the ocean, the MERIDIAN SCONCE COLLECTION utilizes the elemental texture of SAND CAST BRASS and a playful array of formats to create fixtures which can be used alone or in creative combinations. O&G Creative Director, Jonathan Glatt, drew on his background as a metalsmith and JEWELER to create forms which take unique advantage of the textural and SCULPTURAL properties inherent to the ANCIENT method of SANDCASTING. Each fixture is cast in BOSTON, at an 80 year old family FOUNDRY and HAND FINISHED in O&G's Rhode Island Studio
