# BEARD ELIXIRS

Ohio Valley Beard Supply proudly presents its premiere line of quality Beard Elixirs. Handcrafted with only the finest of oils, our Elixirs are quite potent, my friend. Applying a mere two or three drops per inch of beard length will assure that your facial forest will maintain its shape and composure, all while emitting an alluring otherworldly glow. Side effects may include: increased charisma, severe bouts of awesomeness and extreme nuzzles from your significant other.
