ENGENDERING THE NEXT SIGNIFICANT SHIFT IN WOMEN’S HEALTH DIRECTIVES

Sherrie Palm carves the trail to de-stigmatize pelvic organ prolapse (POP) as she educates and inspires regarding the physical, emotional, social, sexual, fitness, and employment impact of POP, a common but rarely discussed women’s health condition impacting 50% of women.

“As continual evaluation of patient voice is the core of healthcare evolution.” ~Sherrie Palm

Recognizing a need to shift awareness and the global view of pelvic organ prolapse, Sherrie Palm takes steps to pioneer change. Cognizant of the diverse needs of her audience regarding this common, cryptic women’s health concern, Sherrie delicately places all the cards on the table to disclose aspects of pelvic organ prolapse that few discuss. Sherrie’s capacity to compassionately answer all questions posed during speaking engagements endears her to the audience.

Sherrie Palm is the Founder/CEO of APOPS, Association for Pelvic Organ Prolapse Support, author of the award-winning book Pelvic Organ Prolapse: The Silent Epidemic, an internationally recognized women’s pelvic health advocate, and a POP Key Opinion Leader.

“As a woman who had to deal with prolapse herself, Sherrie Palm shares the inside information on how to recognize prolapse and how to get qualified help for it.”

Lennox Hoyte MD, Director of Urogynecology, Tampa General Hospital, author of Prolapse Repair.

“As Sherrie Palm’s tireless work as a patient advocate, and as an author of Pelvic Organ Prolapse: The Silent Epidemic, continues to play a key role in this transformation of women’s healthcare.”

Roger Goldberg, MD, MPH

“As Sherrie Palm’s crusade to break women free of their silence and begin a dialogue about pelvic organ prolapse is inspiring.”

Karen Heller, Associate Producer PBS Second Opinion

Informative, Insightful, Empowering: Palm’s presentations are a must attend for Women of all ages, and provide benefit to Healthcare, Industry, Academia, Research, and HR.

1 Hour Keynote, 2 Hour Presentation, ½ or full day Seminar, Workshops, and Roundtable Sessions Available:
