Number of Years in Radio Control _____

As in all organizations, NWRCC has its own rules and regulations that are for the benefit of all. All members are asked to read and acknowledge the following paragraphs which outline individual member's basic responsibilities within Northwest Houston Radio Control Club.

Please initial below

I agree to abide by and enforce the Academy of Model Aeronautics (AMA) National Safety Code for all model aircraft operations.

I have read and understand the Club's constitution, bylaws, and rules, and agree to abide by them or accept the consequences for failure to do so.

I understand that the rules for invited guest pilots to fly on the club field include:

- A. All flying guests must be invited by and supervised by a club member
- B. All flying guests must have with him/her, a current AMA membership card
- C. Guests are allowed to fly a maximum of 3 visits total. After 3 visits, guests must join the club as noted in the Club constitution and bylaws.

I understand that my membership in the Club requires, in addition to initiation fees and annual dues, that I perform supervised maintenance duties at the flying field for at least two (2) three-hour sessions per calendar year. If I am physically unable to work outside, I will perform other non-physical duties in support of the Club as defined by the Club officers. Furthermore, I understand that my failure to fulfill my yearly obligations can lead to an assessment of \$125.00 or expulsion from the club.

I request an exemption from all work, due to my current physical condition. (exemption must be approved by NWRCC president)
