

ARC Aerial Imaging Privacy Policy

Andy Carman
Managing Director, Operations and Service Delivery Manager
Multi-Sensor Imagery Analyst, Infrared Thermographer.

This privacy policy sets out how ARC Aerial Imaging Ltd uses and protects any information that you give ARC Aerial Imaging Ltd when you use this website.

ARC Aerial Imaging is committed to ensuring that your privacy is protected. Should we ask you to provide certain information by which you can be identified when using this website, then you can be assured that it will only be used in accordance with this privacy statement.

ARC Aerial Imaging Ltd may change this policy from time to time by updating this page. You should check this page from time to time to ensure that you are happy with any changes. This policy is effective from 12 March 2015.

What we collect

We may collect the following information:

- name and job title
- contact information including email address
- demographic information such as postcode
- other information relevant to the client's requirements

What we do with the information we gather

We require this information to understand your needs and provide you with a better service, and in particular for the following reasons:

- Internal record keeping.
- We may use the information to improve ARC Aerial Imaging's products and services.
- From time to time, ARC Aerial Imaging may also use your information to contact you for market research purposes. We may contact you by email or phone. We may use the information to customise the website according to the outcomes of such research.

Security

ARC Aerial Imaging is committed to ensuring that your information is secure. In order to prevent unauthorised access or disclosure, we have put in place suitable physical, electronic and managerial procedures to safeguard and secure the information we collect online.
