

### PROFILE

Ms. Martin is a landscape architect with nearly twenty years of practice experience. Her experience is based in public park and streetscape design in mostly urban conditions, institutional and open space master planning, and river edge landscapes. She has keen interest in and knowledge of the design and construction of public urban landscapes. She has extensive public design process experience and has led several multi-disciplinary projects in the public sector all of which included a wide range of stakeholder groups. Reaching consensus around the design of urban spaces that satisfy the programmatic needs of a constituent group in an artful and contemporary way is her primary goal. Recent work includes the re-design of Kennedy Plaza in Providence RI, the Kendall Square Main St streetscape and Longfellow Bridge median, and final design of Central Square in East Boston. Ms. Martin is an adjunct professor at the Rhode Island School of Design and taught in a similar capacity at the Graduate School of Design at Harvard University. Additionally, she has been a member of thesis advisory teams at the Boston Architectural College and continues to be a visiting design juror at many institutions including the Harvard Graduate School of Design, Rhode Island School of Design, and Wentworth Institute of Technology. She is currently the Vice Chair of the Cambridge Conservation Commission and the Boston Society of Landscape Architects Nominations Committee. Ms. Martin is also a founding member of Good Sports, a Boston based non-profit devoted to ensure that disadvantaged youth have the equipment they need to participate in organized athletic programs.

### EDUCATION

Master of Landscape Architecture, 1995 - Harvard University; Cambridge, Massachusetts

Bachelor of Arts (Art History and Painting), Charles Hovey Pepper Prize, 1990 - Colby College; Waterville, Maine
