I'm fascinated by how humans think. I want to help the world think better.

---

## experience

### Motiv

Interaction Designer JUN 2015 - MAY 2017

---

Interaction Design Intern DEC 2014 - MAY 2015

---

Designed features of iPhone app for Motiv Ring, a new health and fitness tracking wearable device. Built design prototypes of various fidelity using InVision, Principle, and Xcode. Ran user tests with internal users and beta users.

### Speck Design
