

COALESCE WALL MIRROR (2015)

Coalesce - To come together and form one mass or whole.

2 polished stainless steel plates are joined to create this single elliptical wall mounted vanity mirror+shelf. The half elliptical shelf is reflected in the vertical portion creating the perception of a large ellipse bisected by a smaller ellipse. Anything placed on the shelf is reflected 4 times for a beautiful effect.

Type: Mirror

Designer: Steven Haulenbeek

Materials: Stainless Steel

Dimensions: 56"H x 27.5"W x 6.5"D
