Profile

Award winning visual designer with over 12 years of experience in the creation, implementation, and management of the design process from conceptualization through to production.

Experience

Andrew Harper | Web Designer   *June 2016 - Present*

Responsible for daily website updates including the ideation and creation of digital ads and promotions. I am also responsible for photo editing, email design, and UX/UI design implementation and best practices.

The Episcopal Church of the Good Shepherd | Information Design Manager   *March 2012 - November 2015*

Worked directly with the Director of Communications for the Episcopal Church of the Good Shepherd to provide both print and digital communications to the program and administrative staff. This included digital and editorial layouts, email design, photography, illustration, packaging, and art direction. Maintained and built relationships with various paper and print vendors local to the area. Was responsible for all aspects of print production within the organization such as paper inventory, copier maintenance, as well as the production of all printed pieces created in-house. Was also responsible for the creation of the Good Shepherd style guide to ensure that all communication originating from the church was within branding guidelines.

Blufish Design Studios | Graphic Design Intern   *July 2011 - October 2011*

Conceptualized layouts, logos, and revised various print media for a wide range of clients, such as Bulldog Bash and Magnolia Manor.

Research and Curriculum Unit | Graphic Designer   *September 2010 - January 2011*

Used Joomla in order to update and maintain training websites for various teaching disciplines. Created digital graphics and animations for training modules used on various pages within the site.

University of Mississippi Career Center | Network Administrator and Webmaster   *September 2005 - August 2008*

Used Joomla in order to update and maintain training websites for various teaching disciplines. Created digital graphics and animations for training modules used on various pages within the site.

AIGA Austin

Volunteer Director   *January 2015 - June 2017*

Utilized previous experience in project management to work directly with members of the design community and the AIGA Directors of Programming to ensure that events hosted by AIGA were staffed by volunteers. Included organizing a "Call for Volunteers" via an e-mail communication before all events, assessed volunteer needs based on specific event needs and updated the event coordinator on the status and number of volunteers confirmed, maintained and updated the volunteer database regularly, as well as maintained a good relationship with those that volunteered.
