

## **COCA 201 | Fall 2017 Assignment 2**

### **Part A: 2 pages**

Provide a detailed description of your exhibit. Include:

- a) What it is made of, listing and briefly describing components
- b) The user experience: What sensors and outputs are there, and how are they connected?
- c) The concept behind the user experience: what are you communicating/critiquing?
- d) A plan for implementation, with who does what and timeline.

### **Part B: 1 page. Provide 2 sketches of your exhibit:**

- a) Conceptual showing the elements of the system and how they work together
- b) Sketch showing what the system looks like, with user interacting. Annotate interactions/responses.

**Due Date: Oct 20, 2017 @ 2:30pm**

Submit your assignment via e-mail to [coca201@gmail.com](mailto:coca201@gmail.com) before class. PDF only. Use only 1 document for both parts. Mark email in subject "Assignment 2, Name and ID of project manager". List all names and IDs on top line of first page.
