BUTTERMILK FALLS CSA
COMMUNITY SUPPORTED AGRICULTURE & FOLK SCHOOL RETREAT

2018 CSA MEMBERSHIP

18 WEEKS OF SEASONAL PRODUCE,
SELECTED BY OUR FARMER FOR TASTE,
RAISED UNDER THE BEST POSSIBLE
CONDITIONS, PICKED AT THE PEAK OF
RIPENESS, AND LOVINGLY HARVESTED
AND PACKED FOR YOU

SIGN UP AT WWW.BUTTERMILKCSA.COM

Your Buttermilk Falls CSA share includes a tasteful assortment of seasonal produce - the best of what our community farm has to offer.

We use organic and biodynamic farming principles, prefer to use open-pollinated (non-hybrid) seeds, and use only the minimum of plastic materials in the garden.

MEMBER BENEFITS

Home Delivery Option:
\$100 for the whole season

Substitution List:
Let us know which produce to leave out of your share, and we will add more of something else

Vacation:
Take any 2 weeks off and add those shares on to the end of your regular season

NOT JUST A FARM:

Buttermilk Falls CSA is a project of the non-profit Philadelphia Community Farm in Osceola, Wisconsin. PCF is an education and conservation organization that has been serving the Minnesota and Wisconsin since 1989. Our CSA supports our nature-based programs, therapeutic retreats, biodynamic agricultural production and earth-centered land stewardship.

In addition to weekly shares of seasonal produce, our CSA membership includes access to our beautiful farmstead - complete with hiking trails along the St. Croix River and to our namesake waterfall.

Explore the surrounding forest and restored prairies. Visit the barnyard and lend a hand in the garden. Connect to the roots of the Community Supported Agriculture movement and seize this opportunity to be a part of something meaningful
