

# Our Saviour and our King

## Verse 1

The image of our God unseen  
The radiance of deity  
His glory on display  
His majesty proclaimed  
In all the earth You reign alone  
All kings and powers rulers thrones  
Created by Your hand  
Bow down to Your command

Even death could not have its way  
Lord of all - risen from the grave

## Chorus 1

The fullness of our God  
Was pleased to dwell within  
And through the cursed cross  
You've reconciled all things to Him  
Victorious over death  
The first in everything  
Jesus Christ - our Saviour and our King

## Verse 2

You've rescued us from death to life  
Pulled out of darkness into light  
Once stained in sin and shame  
Now holy without blame  
Lord grant us from Your glorious might  
Endurance patience great delight  
To know Your way and will  
To serve You better still

Holding fast to our hope and faith  
Jesus Christ - risen from the grave

# **Born Again**

## **Verse 1**

Rejoice Rejoice Through trials and pains  
Take hope traveling through the darkest of days

Of greater worth than purest gold  
Your faith - tested and proved - will be for His praise

## **Chorus**

We're born again into a living hope  
Jesus You rose again out of the grave  
We're born again holy and radiant  
Jesus the blood you shed is mighty to save  
Mighty to save

## **Verse 2**

In Heaven's our inheritance  
New life - never to spoil never to fade

Protected by God's mighty power  
Until all is revealed when you come again

## **Bridge**

Though now our eyes can't see  
We love you Saviour King  
Our lips cannot express this glorious joy  
And when at last revealed  
In glory You will bring salvation  
Bring salvation
