

Sport Protection Training Clinic

29th & 30th September 2014

2 Day Sport Protection training clinic with Rob Dunn & Jessy Gabriel (\$250)

Whether you are a new protection training helper or you are a handler training your own dog in protection. This clinic is for you.

All aspects of protection training will be covered, all experience levels welcome. Dogs or training helper.

Some of topics to be covered: nerve structure; balancing drive levels; how to promote a healthy drive state in the dog; reducing conflict in learning; learning impulse control and cooperation with the handler; how to become an effective training helper, and how to determine the best training course for the individual dog and handler

NOTE: this is NOT a USCA helper seminar. This seminar is focused on helper and dog training).
