I could kiss you on the mouth, I could kiss you on the mouth, if i can't kiss you on the mouth, then I'll kiss you with my words, I'll kiss you with my trust, I'll kiss you with my heart, heart. then I'll kiss you with my words, I'll kiss you with my trust, I'll kiss you with my heart.

I want to hold you in my arms, I want to hold you in my arms, if i can't hold you in my arms, then I'll hold you in my words, I'll hold you in my trust, I'll hold you in my heart, heart. I'll hold you in my words, I'll hold you in my trust, I'll hold you in my heart, heart.

Just to see you with my eyes, just to see you with my eyes, if i can't see you with my eyes, then I'll see you with my words, I'll see you with my trust, I'll see you with my heart, heart. I'll see you with my words, I'll see you with my trust, I'll see you with my heart, heart.

I will love you til I die. I will love you til I die. And when I've loved you til i've died, then I'll love you with my kiss, I'll love you with my touch, I'll love you with my eyes, eyes.
