# Partnering for Success Child Welfare and Mental Health Leadership Participation Procedures

## Partnering for Success Readiness

- **Register with the National Center for Evidence-Based Practice in Child Welfare Learning Management System (LMS)**
  - The LMS is a web-based learning system where on-line training, transfer of learning activities and training resources will be available to Partnering for Success participants.

- **Register with the EBP Toolkit (Evidence-Based Practices and Treatments in Mental Health)**
  - The EBP Toolkit facilitates best practices in the training, implementation and supervision of evidence-based treatments for mental health. It is used by clinicians, agencies and training organizations nationwide.

- **Complete the Preparing for Success (Organizational Readiness Assessment)**
  - An email invitation will be sent with the assessment to be complete 1 month prior to Partnering for Success Kick-off Meeting.

- **Participate in the Partnering for Success Leadership Overview and CBT+ Orientation**
  - This full-day session will provide an overview of the model, components of CBT+, introduction to the EBP Toolkit and expectations for all participants.

- **Complete the Pre-training Assignments**
  - 4 brief assignments are to be completed using the LMS. They include a self-assessment, brief reading, online tutorial introduction to the NIRN Implementation Science framework and a TED Talk leadership video. Approximately 2.5 hours in length total.

- **Attend the Partnering for Success Organizational Kick-off Meeting**
  - A full day meeting, jointly facilitated by your organization and the National Center for Evidence-Based Practice in Child Welfare, intended to familiarize Child Welfare and Mental Health partners with the rationale, goals and long term vision for Partnering for Success.

## Partnering for Success Training

- **Attend the 3-day In-person Partnering for Success CBT+ Training**
  - Leaders, Child Welfare, Mental Health Professionals join together for a collaborative training approach where participants will learn skills and practice CBT + techniques while highlighting the value and opportunity for use in each profession’s unique role and as a support to the family and professional team. Leaders are required to attend at least Day One and preferably the full 3 days of training.

## Partnering for Success Leadership Series

- **Participate in the Partnering for Success Leadership Sessions**
  - Leaders are to participate in 5 In-person Partnering for Success Leadership Sessions facilitated by National Center for Evidence-Based Practices in Child Welfare staff. These facilitative sessions will focus on content areas needed to support implementation of the Partnering for Success initiative.

## Partnering for Success Sustained Implementation Support

- **Participate in Technical Assistance calls with National Center for Evidence-Based Practice in Child Welfare Staff**
  - Leaders will participate in teleconference calls with National Center for Evidence-Based Practice in Child Welfare staff to have questions answered, receive technical assistance on specific issues including scaling up and sustainability planning. Calls will initially be scheduled monthly and then shift to quarterly.
  - Leaders will also offer National Center for Evidence-Based Practice in Child Welfare insights regarding the provision of individual, organizational or systemic supports needed to sustain adherence and fidelity to the Partnering for Success Model.
