Sherry

Hidalgo is a long-established bodega in Sanlúcar, with its origins in the 18th Century. The Hidalgo family moved from northern Spain to Andalucia at that time, and established a salina for the production of salt. The family only entered the Sherry business in 1792, when José Pantaleón Hidalgo acquired a bodega from his father-in-law. Since that time the business has remained a family concern, passed through six generations. Keeping the operation small has allowed the family to maintain control and to favour the production of quality wines over quantity.
