IMPORTANT INFORMATION – PLEASE READ

Many thanks for your booking for your wedding flowers. **To ensure accuracy in all aspects of your wedding flowers, please read in detail the following :**

- 1) **Changes can be made to the designs and quantities up to 14 days before the wedding date** (additional charges may apply). Don't hesitate to ask! After this, **we cannot reduce any of the quantities pre-ordered** with the specialist wedding suppliers we use.

Minor add-ons, such as the addition of a buttonhole , *may* be able to be made up to 7 days, but there is no guarantee that we can match flower species to those in your wedding flowers. **Additional fees will apply.**

- 2) Please review in detail:
 - the **"Wedding Flower Order form"** AND
 - your **tax invoice**

that we send to you, and let us know in writing asap of any errors / changes required. Please double check that **all quantities and descriptions are correct at least 14 days prior to your wedding date. If no reply is received, we will assume everything is correct.**

- 3) Please note, to avoid any confusion with your wedding order, we have found it difficult to process changes to the order by telephone. Therefore, if you wish to change, add to/ reduce or alter the order in any way, **please do it by email** using the email address you have supplied us for communication.
- 4) **Styling** - If possible, please attach pictures either from our website or from your own sources of any specific styles you wish to have, otherwise, we can create your wishes from your description.
- 5) **All outstanding balances need to be paid 21 days prior to your wedding date.** We don't like to have to chase you up for payment in the last few demanding days before your wedding! If you wish to make

All flowers used are premium wedding varieties

part payments in the months leading up to your wedding, that is no problem, we are happy to send a receipt each time, showing the reducing balance for your records, to help you keep track.

- 6) Where a seasonal flower has been chosen, such as David Austin roses, please ensure you have a firm "Plan B" in place with ourselves, just in case.
- 7) Hire if applicable of vases etc – please be advised that if any items we hire to you are damaged or missing, we will need to charge you for these, however, we do this at wholesale, not retail, rate.

Access and delivery on the day

- a) Please organise, prior to your wedding day, who in the wedding party will be handling the arrival of your wedding flowers so that we don't disturb you – please provide their mobile tel. no. We will need them to take time out of the preparations to give us access into your home / unit
- b) If you will be in a fully secure complex / unit block, they will need to meet us in the lobby with the security key card so we can get the delivery done in a timely fashion for you. (Same for the groom if he is also in a secure unit complex rather than a house)
- c) Please allow for a flat, cool area out of the way to be set aside so we can set up the vases we bring with water, to place the bouquets and buttonholes etc out for you – a dining / side table or kitchen area (away from the kettle) is the norm.
- d) You will need someone in the wedding party to be responsible for running through the very simple "care instructions" sheet we will provide, so that one person in the wedding party is clear on the little details to make sure everything runs smoothly for you.

PLEASE NOTE

Availability of flower types are subject to weather and grower issues. If any problems arise, substitutions will be made of flowers of similar colours and sizes wherever possible, and if a species is completely unavailable, you will be contacted to advise us of your revised preference. Images are for guidance only, weather conditions may affect colours and sizes.
