

# Bicycling & Walking Infrastructure Improvements

There are a multitude of relatively low-cost options to improve the bicycle and pedestrian environments in your community. From bike racks to bike repair stations, there are easy ways to enhance and promote an active lifestyle in your community.

## Easier

### Install Bike Racks

**Best Practice or Tool Kit:**

- [Bicycle Parking Guidelines](#)

**Example:**

- [City of Madison Bike Rack Requirements](#)

### Consistent Bicycle Route Signage

**Best Practice or Tool Kit:**

- [MUTCD—Chapter 9: Traffic Control for Bicycle Facilities](#)

**Example:**

- [Wausau Metro Bicycle Route System](#)

## Medium

### Bicycle Repair Stations

**Best Practice or Tool Kit:**

- [Bike Fixtation](#)

**Example:**

- [Wausau MPO Bike Fixtation Network](#)

### Mobile Bike Shop

**Example:**

- [Milwaukee's Mobile Bike](#)
- [Eau Claire Mobile Bicycle Repair](#)

### Bike/Ped Advisory Committee or Task Force

**Best Practice or Tool Kit:**

- [Best Practices for Bicycle and Pedestrian Advisory Committees](#)

**Example:**

- [City of Oshkosh Pedestrian and Bicycling Advisory Committee](#)

## Systemic

### Local/Regional Bicycle & Pedestrian Plan

**Best Practice or Tool Kit:**

- [Minnesota's Best Practices for Pedestrian/Bicycle Safety](#)

**Example:**

- [Waukesha Bicycle & Pedestrian Facilities Plan](#)
- [City of Oshkosh Pedestrian and Bicycle Circulation Plan](#)
- [Fox Cities and Oshkosh Urbanized Areas Bicycle and Pedestrian Plan](#)
