

Healthy Community Design

The location of our schools, parks, grocery stores, homes, streets, and places of employment help shape our behavior and the environment in which we live, learn, work and play has a tremendous impact on our health. Every community has the ability to plan and design an environment that make the healthy choice the easier for everyone.

Easier

Active Recreation Guide

Participatory Photo Mapping

Best Practice or Tool Kit:

- [Get Moving Washington County](#)

Best Practice or Tool Kit:

- [Wisconsin Clearinghouse PPM](#)

Example:

- [Wisconsin Heights High School PPM](#)

Bike/Walk Audits

Best Practice or Tool Kit:

- [Community Walking & Bicycling Audit Tool](#)

Example:

- [Tips on Leading a Walk Audit](#), Mark Fenton

Medium

Healthy Community Design

Best Practice or Tool Kit:

- [RWJF—Healthy Community Design](#)
- [Health And The Built Environment—Urban Land Institute](#)

Example:

- [Principles of Community Placemaking](#), Steve Grabow, UW-Extension, Jefferson County

Systemic

Comprehensive Land Use Plan

Recreational Use Agreements

Best Practice or Tool Kit:

- [CDC—Healthy Community Design Checklist Toolkit](#)
- [Required Elements of a Local Comprehensive](#)

Best Practice or Tool Kit:

- ChangeLab Solutions, [Playing Smart: A National Joint Use Toolkit](#)
- Public Health Law Center, [Recreational Use Agreements](#)

Example:

- [City of Delavan, WI Comprehensive Plan](#)

Example:

- ChangeLab Solutions, [Model Joint Use Agreements](#)
