

## **Celebrity Beat – Learson**

She loves me in an honest way  
Like a parties drinking game  
We're confused about the rules  
But we always win

She holds me right before the play  
Bows and arrows with a flame  
Tells me of a secret plan  
They don't have a chance

Taking all my innocence  
Building all my confidence  
Pleasing all my fantasies  
Making me convinced of where we will be

We are living on the celebrity beat  
We are living off the system free  
We are living on the celebrity beat  
We are living off the system free  
You don't have to come you don't have to agree  
You don't have to care you don't have to believe  
We are living on the celebrity beat  
We are living off the system free

She saw me and the game was already  
Over my head, under my skin  
I forgot everything else  
I thought was important

She took me there was nothing I could say  
In the night until the next day  
I saw the light come from the source  
Walking through the door

Taking all my innocence  
Building all my confidence  
Pleasing all my fantasies  
Making me convinced of where we will be

We are living on the celebrity beat  
We are living off the system free

We are living on the celebrity beat  
We are living off the system free  
You don't have to come you don't have to agree  
You don't have to care you don't have to believe  
We are living on the celebrity beat  
We are living off the system free
