

Creatures Are Taking Back The Earth – *Learson*

I can be strange if you need me to
I can act like any kind of animal
I can be crazy if you want me
We all need a little help if we're gonna be criminals

I can break in through the living
If you cut the lines to the telephone
I know the safe is hidden and locked
It's easy enough if you don't have any principles

Any animal
Be what you know
Any animal
Be what you know

I can behave if you need me to
I can blend any level of society
imitate the upper echelon
My grandma always says they got all of the money

I can entertain, make a spectacle
Impress a duke with a monocle
And in the end he'll be kissing my hands
If he thinks I'm king, king of the animals

Any animal
Be what you know
Any animal
Be what you know

Look at me I'm an animal
Look at me I'm an animal
Look at me I'm an animal
Look at me I'm an animal who likes bells

Look at me I'm an animal
Look at me I'm an animal
Look at me I'm an animal
Look at me I'm an animal

Don't feed me
Don't feed me
Don't feed me
Don't feed me

Any animal
Be what you know
Any animal
Be what you know
