

Confusion - Learson

So you say you can do what you want
Well you're right you can do anything that you want to
 You can go far away
 On a plane change your name
 You can be like someone else or
 You can stay exactly the same

Me I was on the other side of the road
Thinking about the people that I have known
 You have thrilled and killed me
 Thrown me in the middle
A little bit confused but it's alright baby just a little

I want you to think that I'm crazy
I want you to feel uncomfortable
I want you to think that I'm crazy
I want you to think that you're the only one for me
 You're always on my mind

I used to be afraid to be myself
But now I say what I want and you can
 Listen if you want to
 I don't feel strange
 Even if we change
We'll all end up in exactly the same place

I want you to think that I'm crazy
I want you to feel uncomfortable
I want you to think that I'm crazy
I want you to think that you're the only one for me
 You're always on my mind

And if you stayed baby we could be so strange
 All of the time
Leave me here, I know you will be alright I wouldn't mind
 If you stayed baby we could be so strange
 All of the time
Leave me here, I know you will be alright I wouldn't mind

I want you to think that I'm crazy
I want you to feel uncomfortable
I want you to think that I'm crazy
I want you to think that you're the only one

Do you think that I'm crazy?
Do you to feel uncomfortable?
I want you to think that I'm crazy
I want you to think that you're the only one for me
You're always on my mind
