

You & Me - Learson

Lazy days are gone again
Now we know who is pretend
The people talking on TV
They don't talk about you and me

And she is crying at the mall
Thinking she will never know
What it's like to be a freak
She don't cry about you and me

And she would like to know the truth
Did I get the best of you?
Was I crawling under your skin
Maybe we will never be friends again

And we all like to have a drink
Make it so that we can't think
We all laugh we all speak
We don't laugh about you and me

And we all think we're not the same
We all want to make things change
Into something we have seen
We don't think about you and me

And she would like to know the truth
Did I get the best of you?
Was I crawling under your skin
And how can we begin to

Face the problems that we made
Turn denial into pain
I would do this all again
If we could be friends

Please remind me of those days
I want you to say I'm right
I don't need a picture
You are burned in my mind
