

Please Don't Say No! - Mchale, Zarick

Cigarette burns on your clothes
A temptress always leaves a hickey
You can count 'em on your toes
Bruises heal but burns are tricky

You can call her California
You can call her anytime,
just don't say I didn't warn you
Here's another word that rhymes

If you're gonna say something,
please don't say no
If you're gonna say something,
please don't say no

Serenading she seduces
like a rose without a name
Marinating in her juices
laughing at your secret shame

You can wake up if you want to
There'll be other nights and mares
There'll be other ghosts to haunt you

maybe not, who knows

If you're gonna say something,
please don't say no
If you're gonna say something,
please don't say no
