

**Missy - Zarick**

I'm getting tired from all this play  
Always the one that's making me stay  
Gotta bleed and scrape my knee

Your monkey bars are giving me pains  
Do you remember what it feels like  
when I pushed you straight down the hill?

Can I make out with your babysitter  
before I eat my mom's spaghetti dinner?  
Oh no! It's almost time to eat

Is there only one life for me  
in this rock and roll family?  
Is there only one life for me  
in this rock and roll fantasy?

You gotta bleed for family
